#### **5. Who should attend the Certification 360?**

- Certification 360 is structured to inform the knowledge base and practice of case management. It provides insight into the practice of case

management for professionals entering or new to the practice of case management. And will refresh the knowledge base for practicing case managers. Additionally, it can assist leaders in case management to breathe new life into their training efforts.

## **6. Will attending Certification 360 help me to pass the CCM exam?**

- As previously noted, the content is structured around the knowledge domains identified through research done by CCMC into the practice of case management. This signature workshop is intended to educate individuals interested in, or already practicing case management. As a global overview of case management, it can assist you in focusing your study to prepare for certification. Registration and attendance at this workshop session does not, in any way, guarantee that the eligibility requirements will be met, the application will be approved, or that a candidate will pass the exam, and this course is NOT required for potential candidates who are interested in taking the exam.
