

Going for **GREATNESS** Through Certification

The Commission for Case Manager Certification® (CCMC®) is committed to support not only our military and veterans, but also those who care for them in the VA. The Certified Case Manager® (CCM®) credential is the nation's oldest, largest and most widely recognized health care case manager certification, with more than 48,000 currently credentialed. The CCM is endorsed by the National Association of Social Workers and promoted by the Case Management Society of America.

Our focus is on professional development and recognition of those who coordinate care, manage care transitions and guide patients to reach optimal health.

 Use the discount code **VA2016** at the time of purchase.

The CCM is approved by the U.S. Department of Veterans Affairs (VA) for reimbursement under the GI Bill for licensing and certification. Veterans, eligible dependents and reservists may apply directly to the VA for reimbursement of test costs. Go to <http://benefits.va.gov/gibill/> to apply.

Isn't it time to grow and advance your career with the most prized health care case manager credential?
