WEEK 1

Session 1

The **8-Week Circuit** is a high-intensity guide for CCM exam prep. Repeat the circuit until you're ready to take the exam. To start, download the **CCM Glossary App (bit.ly/CCMGlossary)**. Keep your flashcard app handy to train your brain—when you're waiting for coffee, taking a break, etc.

Session 2

- **Highlight knowledge sub-domains (bit.ly/CertGuide)** that may need further review.
- **Review Glossary Terms on app** for 20 minutes—Highlight or tag the ones that need more focus.

Session 3

(Ideally, this will be a more focused study session.)

- **Review Knowledge Domain, Care Delivery and Reimbursement Methods and its sub-domains (bit.ly/CertGuide)**.
- **Research and review references** and other study materials related to this domain.

WEEK 2

Sessions 4 & 5

- **Review Glossary Terms on app** for 20 minutes—Highlight or tag those that need more focus.
- **Continue reviewing** information from week 1, session 3 research.

Session 6

(Ideally, this will be a more focused study session.)

- **Review Knowledge Domain, Psychosocial Concepts and Support Systems and its sub-domains.**
- **Research and review** references and other study materials related to this domain.

* Utilization or purchase of any study materials or any classes does not guarantee passing the exam.

WEEK 3

Sessions 7 & 8

- **Review Glossary Terms** for 20 minutes—Highlight or tag those that need more focus.
- **Continue reviewing** information from week 2, session 3 research.

Session 9 (Ideally, this will be a more focused study session.)

- **Review Knowledge Domain, Quality and Outcomes Evaluation and Measurements and its sub-domains (bit.ly/CertGuide).**
- **Research and review** references and other study materials related to this domain.

WEEK 4

Session 10 & 11

- **Review Glossary Terms** on app for 20 minutes—Highlight or tag the ones that need more focus.
- **Continue reviewing** information from week 3, session 3 research.

Session 12 (Ideally, this will be a more focused study session.)

- **Review Knowledge Domain, Rehabilitation Concepts and Strategies and its sub-domains (bit.ly/CertGuide).**
- **Research and review** references and other study materials related to this domain.

WEEK 5

Session 13 & 14

- **Review Glossary Terms** for 20 minutes—Highlight or tag the ones that need more focus.
- **Continue reviewing** information from week 4, session 3 research.

Session 15 (Ideally, this will be a more focused study session.)

- **Review Knowledge Domain, Ethical, Legal, and Practice Standards and its sub-domains. (bit.ly/CertGuide).**
- **Research and review** references and other study materials related to this domain.

WEEK 6

Sessions 16-18

Take practice exam (bit.ly/CCMPpractice) and review study materials from week 5, session 3 research.

WEEK 7 & 8

Sessions 19-24

- **Review Glossary Terms in app, domains and sub-domains (bit.ly/CertGuide)** for the questions you missed on the practice exams.
